Location:
Training will include access to resources online and printed workbooks and will include individual support throughout the course. This support can be accessed by phone, email or face to face at our training centre at Underwood.

For those students who are unable to access a suitable work environment for application of practical learning Blueprint Inc's Training Centre may be used as a simulated work environment.

RPL (recognition of prior learning) may be available to those trainees who can demonstrate prior experience; knowledge and/or training.

Blueprint Employment and Training Inc is a Registered Training Organisation #31248

Blueprint Employment and Training Inc offers the BSB41415 Certificate IV in Work Health and Safety using an individual and tailored approach to your learning.

This course is ideal for supervisors and workplace personnel who are interested in the safety industry or who's role includes responsibility for work health and safety or wellbeing programs.

For those individuals who have workplace experience but are currently not working use of Blueprint Inc resources to undertake practical aspects of the training may be available by negotiation.

Prior to enrolment all students will participate in the development of an individual Training Plan which will cover, learning commitment and time frames, suitability of workplace environment for practical application of learning, and individual support requirements.

BSB41415 Certificate IV in Work Health and Safety comprises of 10 units of competency including 5 core units and 5 elective units 3 of which must be from Group A.

Core Units:

BSBWHS402	Assist with compliance with WHS laws
BSBWHS403	Contribute to implementing and maintaining WHS consultation and participation processes
BSBWHS404	Contribute to WHS hazard identification, risk assessment and risk control
BSBWHS405	Contribute to implementing and maintaining WHS management systems
BSBWHS406	Assist with responding to incidents

Elective Units (Group A):

BSBWHS407	Assist with claims management, rehabilitation and return-to-work practices
BSBWHS408	Assist with effective WHS management of contractors
BSBWHS409	Assist with workplace monitoring processes
BSBWHS410	Contribute to work-related and safety measures and initiatives

Elective Units (Group B):

TAEDEL301A	Provide work skill instruction

Elective Units (Alternative):

BSBWHS510	Contribute to implementing emergency procedures

It is expected that this course will take approx 6 to 12 months to complete depending on students previous experience, however each student will be involved in the development of an individual Training Plan which will include a personalised training calendar. Delivery is in a supportive environment aimed at improving your confidence and skills in work health and safety.

Cost $1200
