Programs can be delivered on-site and specific company policies and procedures can be integrated within the training delivery. Extended programs including practical observations can be developed on request. Please feel free to discuss your training needs with one experienced staff.

Please note: all students must wear solid enclosed footwear for the duration of the course.

Please ask about State Government funded programs, which may be available dependant on eligibility and funding availability.

Blueprint is a Registered Training Organisation under the Australian Quality Training Framework.

Specialist Attachment Training can also be provided on request.

Forklift Refresher Training

Blueprint Employment & Training Inc (Blueprint Inc) offers this new opportunity for forklift operators to ensure their skills and knowledge are kept up to date. Delivered in our training centre in Underwood or on site.

This **Blueprint Forklift Refresher Program** is targeted towards licensed forklift operators and may include:

1. Employees who are currently operating a forklift however have not received formal training for an extended period of time; or
2. Those who have limited current experience and are looking to update their knowledge and skills.

The program is scheduled as an intensive 2 hour training session covering up to date topic such as:

- Legislative changes
 - Responsibilities
 - Employer/Employee roles
- Pre-Operational Checks
- Safe operating practices
- Stability and safe driving for workplace conditions
- Safe shut down practices

Recent changes to the Forklift Licensing system have put more emphasis on ongoing training for both the employer and the operator. This course will help ensure your company is meeting these new requirements and that all operators have up to date knowledge in safe forklift operations.

**The total cost of the program is \$250.00 (plus GST)
Per Program**

The training is delivered by professional, experienced forklift trainers who have real and current practical experience to draw from, with practical examples of current workplace procedures and practices integrated throughout the training.

Training can be delivered on the employer's site by negotiation. Flexible start times can also be arranged to allow for shift work.

Training content can also be adapted to suit employer's particular needs, for example:

- shift worker's
- HACCP;
- safe use of attachments;
- cold storage etc.

Extended programs can also be arranged which include "assessments" of employee forklift knowledge or operating competency. Please request a company specific quote for this program.

Upon completion all attendees will be issued with a Statement of Attendance and a written report may be provided to the company on request.
